Our Learning

Year 3 – Oystercatcher

We have had a busy half term in Oystercatchers! We had a great time on our trip to the King's Lynn museums supporting the children's learning in geography and science. I was very proud of the children's mature behaviour and wonderful questions. In the classroom, the children have been learning to multiply and divide and are now concentrating on learning their 3, 4, 6 and 8 times tables and finding patterns between them. In geography we have been looking at Western Europe, the true meaning of Christmas in RE, investigating the water cycle in science and learning about Ancient Greece in history. Whilst in English, we have been internalising wishing tales, with King Midas as our model text, ready to write their own. What would you wish for? We've been smashing it with our reading and quizzes and the children have enjoyed challenging themselves on how many words they can read. Keep up the reading and Times table Rockstars over the Christmas break! Remember log all your wonderful reading in your school planners. As always, we're so proud of the Oystercatchers for all their continued hard work throughout the whole of this half term and we're excited for some festive fun during the final few weeks before they can enjoy a well-earned rest over Christmas.

Year 4 – Avocet

Avocets have shown great efforts in all subjects this term leading up to Christmas. They loved the West Stow trip learning about the Anglo Saxons and Vikings. We experienced Anglo Saxon crafts, looking inside their village homes and learning many new facts! In History this term, we have learnt about Henry VIII and the Tudors. Avocets have been super at acting out scenes from his life and being able to share facts in the class on Henry's wives and we learnt how he created his own religion. We have also learnt about Mediterranean Europe in Geography experiencing their cultured foods too. The children tried various Mediterranean food like olives, oranges, feta cheese, apricots and tomatoes. Great to see them trying different food to what they used to!

Love of learning, bright futures, happy memories!

Our Learning (cont'd)

Year 5 – Albatross

We've gone full throttle into the second half of our autumn term in Albatross Class and the children have been working so hard throughout producing some wonderful pieces of work. We've covered a lot of the globe with our foundation subjects, studying African art and the importance of ceremonial headdresses in some parts of African culture as well as studying the use of relief sculpture in their art and architecture. We've studied lots of mountain ranges in Asia, Europe and South America - perhaps you could ask your Albatross what facts they can tell you about Mount Everest or where the ancient mummified body of Otzi was discovered and how old he was? In history we've also looked at how far the British Empire spread across the globe establishing British colonies gaining much power and control. In science, our brains have been tested as we've investigated how small an atom is and created our own posters explaining their structure of protons, neutrons and electrons. Finally, as we head towards the festive season our RE lessons have linked in nicely as we've revisited the Christmas story and investigated varying details in the gospels of Matthew and Luke. As always, we're so proud of the Albatrosses for all their continued hard work throughout the whole of this half term and we're excited for some festive fun during the final weeks before they can enjoy a well-earned rest over Christmas.

Year 6 – Royal Tern

We have had another busy half term in Royal Terns! We have been working on fractions in Maths and persevering when adding, subtracting, ordering and comparing fractions! The children have done really well and their use of Times Table Rock stars to speed up their times table recall has helped so much with our fraction work. In English, we finished our Suffragette biography work and have since been studying discursive texts using the novel 'Stay Where You Are and Then Leave.' The children have been developing their tennis skills in PE over the past few weeks - completing activities to perfect their forehand and backhand shots, as well as their movement around the court. We have been learning all about Suffragettes in History; the NUWSS and the WSPU. The children were all unanimous in their decision that they would have been militant activists if they had lived during this time! We used our learning to hold a few class debates, which were fantastic! In our art lesson, we have been looking at the Renaissance and have studied artists like Michelangelo and Leonardo di Vinci. We sketched eyes (after studying the Mona Lisa), drew landscapes using perspective and created sun discs, which we will paint before Christmas. We enjoyed wearing odd socks for anti-bullying week and our sessions every Thursday where we look at the 'No Outsiders' website have been amazing. The children have discussed really thought-provoking issues with such interest and respect.

The importance of good attendance

The Government strives for **every pupil to achieve 97% attendance**. Every day away from school is a day away from learning and this can have an impact on a child's education and future accomplishments.

We want every child to enjoy school and achieve their potential in education and life beyond. We are always here to talk through any issues and help find solutions. Parents are always a phone call away if a child is too ill to continue their day, please encourage them to try to give the day a go, children often feel much better once they are in class.

The Government has issued new attendance guidance and targets to all schools, you may receive regular texts informing you of the number of days that your child has been absent in a term/year. The Government hope that this personal approach will make parents more aware of how the odd day adds up and help keep you informed.

NO OUT SIDERS

'All different, All welcome'

No Outsiders!

This year we are using the website 'No Outsiders' each week during our class discussion time. The website is to prepare children for life in modern Britain. Each week, a new photo is uploaded to the website with some information and thought-provoking questions. So far this term we have discussed ear defenders, gender stereotypes, the 'one love' armband in football, the equality act and ballet shoes! Our discussions promote a sense of inclusion and belonging; we empower our children as they articulate themselves in class debate. We encourage you to explore the website for yourself! We have created a display in our entrance hall where we have also put our Diversity and Equality pledge. This was written by our Junior Leadership Team – if you agree with the pledge please sign the signature book and take a badge!

J - Justice for all students

S - Skin makes no difference

Reading

We love reading at Heacham Junior School! Children should be reading every day and recording this reading in their school planners. Teachers check school planners at least weekly to make sure children are reading their books at home. This could be reading on their own, to someone else or even to pets! When a child finishes their library book, they will complete an Accelerated Quiz at school to check their understanding. It really is so important and helps your children make great progress in their learning across all subjects.

Times tables

We have recently started using a new and exciting resource for learning our times tables: Times Table Rock stars! All children should have their login and be using this regularly. It is a really addictive site - teachers are also using it (and getting very competitive)! Children can practice the times tables they need to work on, enter the 'studio' to improve their speed and even challenge their friends or teachers to 'rockslam' times table battles!

MERRY CHRISTMAS
