Dear families

We are excited to tell you that we are working jointly with Heacham Infant and Nursery School to achieve our International School Award. We have been partnered up with a school in India who we will be working with on a range of projects.

All the projects will be working towards the Global Development Goals which our Government has signed up to. These are shared goals which we are working towards with other countries for a better and fairer world.

All children in school will be working on projects in their classes towards the International Award. Part of this is sharing information with our partner school in India and also seeing what they have been up to. This is a great, real-life opportunity for our children to find out about life in another country from the viewpoint of other children. Our project work will be shared with our partner school in the form of photos of work, children working on projects and videos of them talking about what they have learnt. This information will be shared using the Google Drive which is overseen by West Norfolk Academies Trust.

We will share photos and/or videos of your child in line with the consent you provided to us when your child started at school. However, if you prefer that your child's image is not used as part of this project or you have any questions please do contact the school office.

We look forward to sharing updates on this exciting project with you!
